

NEDLANDS GOLF CLUB

Vision

To be a leading nine-hole golf club, renowned for the quality of golf and fellowship, and a valued asset in our community

About Us

We are a **relaxed, friendly** and **welcoming** golf club with members who are bonded by friendship and the love of the game

We are a **diverse** and **inclusive** golf club where all members feel supported and participation is encouraged and celebrated

We are a golf club which is **revered** by its members for its high quality course and welcoming clubhouse facilities located in an ideally situated parkland setting

Values we aspire to live by

Relaxed, Friendly, and Welcoming

We are a **customer focused** golf club with a high quality food and beverage service

We want to be a **sanctuary** for our members and guests. Greeted with a smile (and a cold drink).

We will **go the extra mile** to help members and guests, and welcome new members to the club to become a part of our community.

We value a **casual and informal** atmosphere

We want to be a golf club where **participation is encouraged** and celebrated at all levels

Diverse and Inclusive

We **encourage volunteering** in support of the clubs' activities and goals. The team that plays together, stays together.

We will maintain sufficient membership categories to allow a **broad spectrum** of members to join and enjoy our facilities, including having a pure social category for non-golfers (or retired golfers!)

We love golf!

We can **respectfully disagree**, so long as we are conscious of words used and their impact on others.

We want to be a golf club that is **revered by members**, with a course that is high quality and well maintained.

Golf is our common bond, and we want to ensure we are providing a great golfing experience.

We also expect members to **show respect** for the course (keep up with pace of play, rake bunkers, repair divots etc.)

Supportive of our club and our local community

We will look to be more active **in our local community**, after all we are an A class reserve and a community asset.

We will **advocate for the club's vision**. We want members to get on board and look for ways to contribute to the club's priorities

We want members to **care** about the club's success and work constructively to help solve problems.

Most importantly, we want our members and supporters to have **fun!**
